EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Julie Haut on August 18, 2005.

The application has been amended as follows:

Claim 8, line 2, "include moving equipment", has been changed to --includes a moving equipment--.

Claim 9, line 3, "the shutter being closed," has been changed to --wherein the shutter is closed when the photoelectric detector is immersed in the dark--.

Claim 10, line 1, before "wherein", --further includes a moving equipment,-- has been inserted.

Claim 11, line 17, "and" has been removed.

Line 18, before "a filling opening", --each reaction vessel further includes-- has been inserted.

Art Unit: 1641

Claim 17, line 17, "and" has been removed.

Line 18, before "a filling opening", --each reaction vessel further includes-- has been inserted.

Claim 20, line 2, "include moving equipment", has been changed to --includes a moving equipment--.

Claim 21, line 3, "the shutter being closed," has been changed to --wherein the shutter is closed when the photoelectric detector is immersed in the dark--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art neither teaches nor suggests a light source outside of the dark chamber for testing the "light-tightness" of the dark chamber and further does not teach a "light-proof shoe" that is "directly" pressed against the rim of the reaction vessels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacqueline DiRamio whose telephone number is 571-272-8785. The examiner can normally be reached on M-F 9-5:30.
